CAREER OBJECTIVE:

Seeking a position in a company where to build a stable career and expand my learnings and skills.

EDUCATION:

SR University   **2021-2025**
Bachelor Of Technology in Computer Science   Warangal, India
Current CGPA:8.03

INTERNSHIP:

Corizo Edutech   **05-07-2023**

Full Stack Web Development – Intern

Led the successful implementation of a full-stack web development project named "Ecommerce sales data" achieving a 15% increase in accuracy, saving 8 hours weekly, and demonstrating strong analytical and technical skills honed through comprehensive training.

TECHNICAL SKILLS:

Programming: C | PYTHON | JAVA (Basics)   **Database:** SQL

Web: HTML | CSS | JAVASCRIPT   **Tools:** VISUAL STUDIO CODE

Course Works: OPERATING SYSTEM, COMPUTER NETWORKS

PROJECTS:

Attendance Management System| SQL Tools

Developed the Relational Dependencies among various attributes, Normalize database to maximum extent to minimize the redundancy of the database. Record student attendance, including clock-in/clock-out times, dates, and attendance status (present, absent, late. Created a database where data is stored and performed some SQL queries to get the relevant output from the database.

E-Commerce Sales Data | Machine Learning

Improved Python-based machine learning models to achieve a 10% accuracy boost in predicting E-Commerce Sales.
Developed a machine learning model to predict the likelihood of Ecommerce sales data.
The project involved python and relevant libraries for data exploration, visualization, and predictive modeling.

Spotify Music Website | Mern Stack Technologies

Developed a Spotify clone App during the time of internship which includes all Mern Technologies. To make it responsive, used tech stack such as React for the frontend, styled with TailwindCSS ensure the app adapts seamlessly to different screen sizes. Also connected with MONGODB server.

CERTIFICATIONS:

Active participation in SR University PRE-HACKATHON'22   Oct 2022

Web Development - Corizo   June 2023

Python for Beginner's-Scaler topics   June 2024
